

EVOLUTION WEAR® INC with JVA STRATEGY ENCOMPASSING GROUP LLC will customize this active sol t-shirt to feature long sleeves and short sleeves. The Detachable unit will feature a custom LED panel with 4G/5G LTE chips inside. This will allow for live advertising to be displayed on these panels. Particulars regarding the specifics and operations are confidential. Each LED display will be able to be updated OTA (over the air) to allow live advertising at the click of a button from the admin dashboard.
