## **SUMMARY**

Over thirty five years professional experience in all phases of agricultural, computer, communications, accounting fields and sales fields. Designed and authored grain accounting software for grain elevators over a 35 year period and recognized as a grain accounting expert by accounting professionals in the agriculture industry. Experience includes over twenty years of Unix experience with over thirty user sites requiring hardware and software setup and support. Clients include OG&E, J.C. Penny, Hertz and Phillips Petroleum Company. Programming experience includes Java and HTML. Internet experience includes web design and e-commerce. Over twenty-five years experience as a small business owner/operator. Regarded by superiors, peers and subordinates as a leader, good communicator and a team player.

## **PROFESSIONAL EXPERIENCE**

### **Plotmaster Systems, LLC (2008-Present)**

Independent territory representative covering Oklahoma, Texas and Arkansas. Responsibilities also include international sales. Plotmaster Systems sells agriculture seeding equipment for crop production and food plots. The equipment can be pulled by tractors, ATV/UTV and trucks.

### **United States Postal Service (2009-2011)**

Substitute rural mail carrier for Loyal Post Office until USPS cut back on rural mail delivery.

### **Display Media, L.L.C. (2003-2008)**

General Manager with over 2000 satellite TV installations for Dish Network. All business conducted over the internet for job scheduling, document processing and payment. In January 2006 wireless internet installations commenced for Central National Bank of Alva.

### **Northwest Technology Center (2005-2008)**

Adult education instructor of evening computer technology classes. Current courses taught include Microsoft Office, Internet and Windows operating systems.

### **Chisholm Trail Technology Center (2003-2005)**

Adult education instructor of evening computer technology classes. Current courses taught include Microsoft Frontpage 2003 and Microsoft Office.

### **Private computer consultant and contractor (September 2000 – Present)**

Computer software, equipment repair, training and sales for a number of local private companies. Clients include firms in the medical, agriculture, accounting, third party claims administration. Applications experience spans web development, JAVA, HTML and ASP development. Programming language support for Visual Basic, COBOL, and relational database development.

### **Integrated Opportunities, L.L.C. (July 1997 – September , 2000)**

Integrated Opportunities, L.L.C. received the first domestic U.S. license for high speed communications over powerlines from Media Fusion, Inc. in Dallas, Texas. Testimony was provided to the U.S. House of Representatives Science and Technology committee in October, 1999 on the impact of this technology in rural America. In August, 1999 the Wall Street Journal in Frankfort, Germany valued this license agreement at 1.3 billion dollars. I am one of two founders of Integrated Opportunities, L.L.C. and my specific responsibilities are to bring this technology to market through rural electric cooperatives, municipal power authorities and native American tribes when it becomes a commercially viable opportunity.

### **Adventure Vehicles, Inc. (1998 – July, 2000)**

Adventure Vehicles, Inc. was formed to take over production from Encore Vehicles, Inc. and has a unique designation of a vehicle remanufacturer. It provided all new vehicle bodies and accessories while remanufacturing all drive train
