ABOUT US

A humanitarian institution dedicated to providing multiple services in favor of the community and whose main task is to maintain an active life cycle with the countries or regions interested in its socio-economic, cultural, educational health development and in general the areas of human interest, as well with private and governmental institutions that are committed to a better future and are aware of the need to achieve their real and substantial objectives in a dignified and honorable manner.

It focuses on the existence of natural resources as human beings with a potential for development, always guided under the foundations of dignity, honor, humanism and mutual reciprocity for the sake of integral development.

TEAM MEMBER

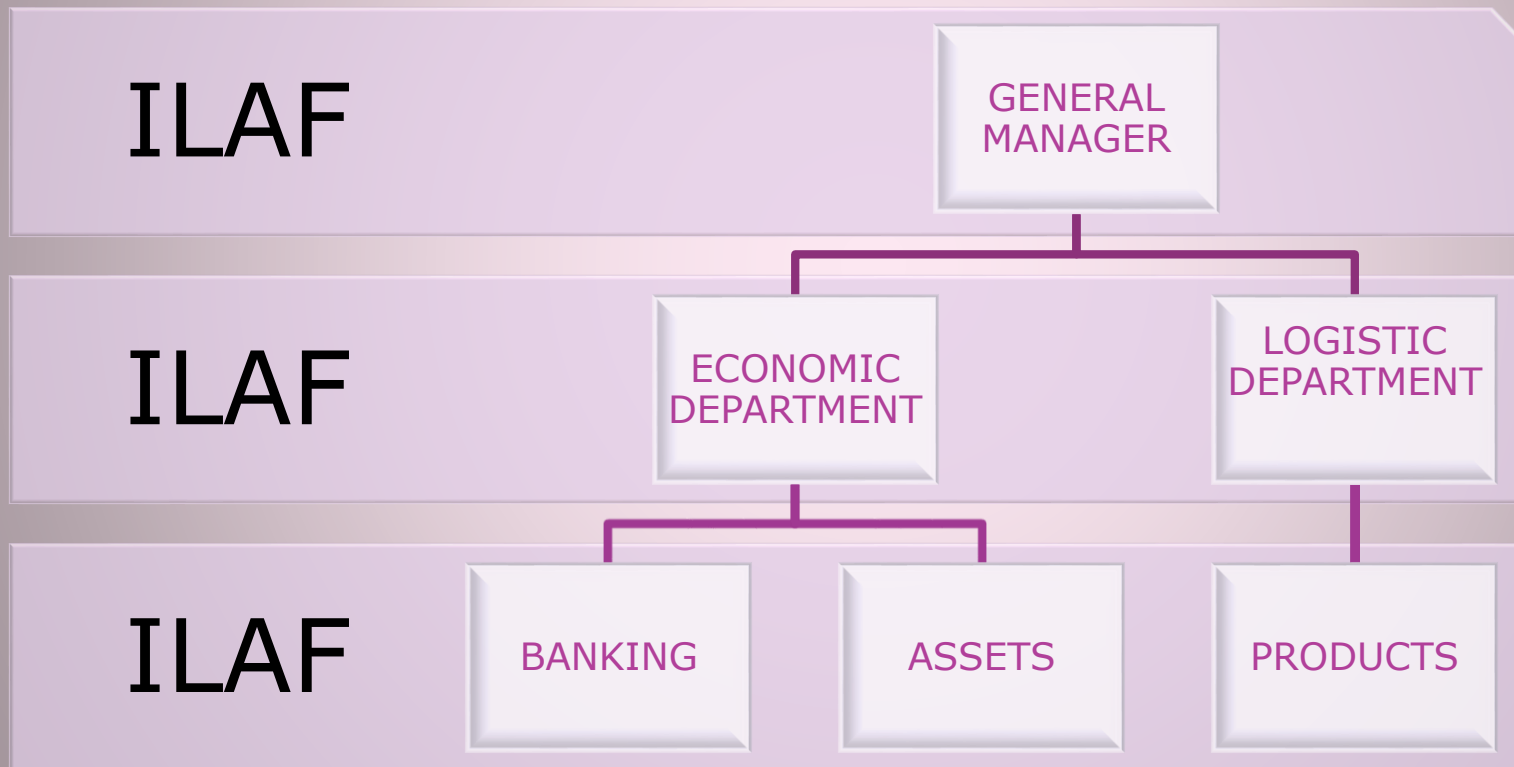

Mr. Contantino Zevallos Bujaico, Director General of the institution, who leads all international business.

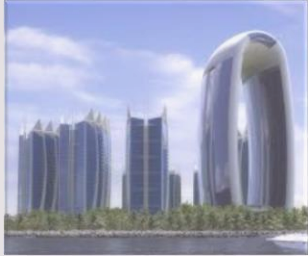

Mr. Elmer Villar Rios, Director appointed agroforestry affairs within the Peruvian territory. As well as selling coffee and cocoa like other tropical products.
