

MORE NOTES ON LOANS

Please note that... prior to applying for a FEED THE WORLD... and submitting an APPLICATION... the party MUST have submitted a concise plan as to how the REPURCHASE AGREEMENT is to be paid and how the loan is going to be used... that means that all other entities that will be involved must have been contacted and an agreement reached... such as insurance companies... banks... professional traders... ...if the loan... without further ado... is going to be used to pay off debt... ok... but then we need to address obtaining the ADVERTISING CREDITS at a discount but paying for them... or otherwise showing how business is going to rapidly take care of this... the FEED THE WORLD... and APPLICATION... are not intended to be a substitute for referring business... they are intended to be a final "take out" performed by entities that can do so and that will benefit by doing so.
