

TRIDENT LAKES

## TRIDENT LAKES

**TRIDENT LAKES CORPORATION** sells earth-sheltered condominiums in secure and sustainable communities.

The company is developing its first community of earth-sheltered condominiums on approximately 640 acres in Fannin County, Texas. The nature of the development is an exclusive community providing multiple layers of security using innovative construction techniques, new technology, and integrated sustainability concepts. The basic housing unit is an earth-sheltered condominium ranging in size from 1000 SF to 4000 SF. The earth-sheltered design meets structural engineering standards. The development plan calls for building 796 units in four phases. The community will include lifestyle amenities such as crystal lagoons, sports complexes, hotel and restaurants.
